I would like to start with welcoming so many of you who have recently signed up for our E-Newsletter. What is really great about this is that you have taken the time to visit our website or Facebook page which we hope you find very informative. I also hope you enjoy this terms edition of the newsletter which we endeavour to showcase our students and their learning successes.

I wanted to share some special achievements by our 2015 Year 12 students. Earlier this term I was invited to Murdoch University to celebrate the start of their University journey for 15 of our school leavers. This is really significant for our college because it shows that our students are developing the belief in themselves that they can achieve great things with their lives despite on many occasions having significant barriers to overcome along the way. These students worked very hard to put themselves in the position to successfully enrol in university and I have asked them to consider coming and sharing their stories with our current students as a motivation to them that anything is possible. This year’s Year 12 cohort are also a talented lot. We have a group of students who will again work toward a portfolio entry pathway to university and I encourage them to ensure they have a study plan in place that assists them to stay on top of their studies.

2016 is also a special year at Coodanup College. For the first time since becoming a Senior High School we have a group of Year 11 students following an ATAR pathway. This is again a significant step forward as we know just how capable our students are and that it only takes the belief in themselves, some determination and hard work and the support of the very talented and committed staff that will bring the success they deserve. I am paying very close attention to how this group progress.

I am pleased with the start our Year 7 students have made to their first year in high school. This year over 100 students enrolled in Year 7 which is an increase on previous years and I thank those parents who have placed the faith in our college to provide the best possible education over the next six years. The Junior School Team worked incredibly hard to ensure they got to know each and every student before the start of the school year. I would like to acknowledge the work of Deputy Cindy Kerr, Transition Coordinator Jodie Toy, Inspire Academy Coordinator Christine Bennett and Learning Support Coordinator Maree Key for the comprehensive transition process that included interviewing every family during 2015. I have had requests from other schools to share what we do here at Coodanup which shows how successful it has become.

Finally, I would like to thanks parents and carers for their support in ensuring students are in full school uniform. They all look fabulous and the community are commenting on how good our students look compared with other schools.

Have a safe and Happy Easter!

Ms. Vicki McKeown
Principal
Deputy Principal - Junior School

It has been a busy start to 2016, although we are now all starting to settle into the new routines and timetables.

The Junior School Team and I felt very prepared for the beginning of 2016, classes had been finalised, staffing was settled and plans were ready to be implemented. What I was not expecting was the large increase in enrolments in the first couple of weeks. This has resulted in the increase of two more classes across Junior School which meant new staff had to be selected and appointed, timetables and classes shuffled.

There is always some disruption when this happens though I thank the staff and students for the smooth transition and their ability to quickly settle after the changes were made.

FAREWELL

I would like to farewell Mrs Halliday who is currently our Year 7 Coordinator and SAER Manager. Mrs Halliday is leaving us to start her family with a baby due in April. We wish Mrs Halliday and her husband all the very best as they start this exciting chapter in their lives. We look forward to meeting baby Halliday in the near future.

CONGRATULATIONS

I would like to congratulate Mrs Bradbrook-Mann on her new position within the college. Although not new to our college, she will be taking over the position of SAER Manager while Mrs Halliday is on leave.

I would also like to congratulate Mr Ben Jones on his new position in Junior School, Year 7 Coordinator. Mr Jones officially commenced this position on Tuesday 8th March.

YEAR 7 LEADERS

I would like to congratulate Andrew Seaman and Bryden Southwell for being selected as Year 7 Leaders for 2016. The Student Leaders and I welcome them into the Leadership Team and I look forward to working with the boys this year to support the Year 7s. Well done.

DIARIES

Every Junior School student has been provided free of charge with a 2016 Coodanup College diary. The college expectation is that the diary is visible and on student desks at all times. If a student looses their diary, then a replacement must be purchased from the administration office for $10.00. The diary is important for homework and study to be recorded, parent/teacher communication, it is a means of informing teachers where the student is with their learning using the traffic light pages and for absentee notes.

Having your diary is a Positive Behaviour expectation: Being prepared for class.

UNIFORM

We are PROUD. 95% of all Junior School students are following the uniform policy and expectations and look professionally attired. There is still a small handful that do not. Leggings and short shorts are not acceptable and students will have to phone home and parents will be expected to problem solve.

As the weather becomes cooler, please purchase the school jacket or jumper for your child. Jumpers that are not school attire will not be accepted.

COMMUNICATION AND INFORMATION

To make sure that you and your child know what is always going on in Junior School and around the college, ensure that you are in the communication loop. You can do this in many ways:

- Read the electronic board at the front of the college;
- Check to see if your child has notes, letters, excursion forms to be completed and returned;
- Check your child's diary on a daily basis;
- Sign up and join our Facebook page;
- Save our college website to your favourites;
- Read the college newsletters;
- Know the teachers, year coordinator, learning leader and deputy responsible for your child;
- Answer college phone calls and texts and return missed calls.

If in doubt, contact the College. You should never, not know what is going on.

I look forward to meeting up with parents throughout the term and working together to develop your child's future. If you have any suggestions for improvement or queries, please contact me on the school phone number, 9581 0900.

Best wishes for 2016,

Cindy Kerr
Deputy Principal

Are your personal details up to date?

It is very important that we have your current details up to date for our College records.

If you change address, change your email address or have acquired one, or have a new phone number, please let our Administration Office staff know, so that we can ensure that you are receiving the relevant information that you require.

College Uniform Reminder

Always wear your full College uniform.

- Change into Physical Education uniform when attending PE lessons.
- Always wear closed in shoes.
- Follow the directions of any teacher to put on your College uniform or ring home to get a uniform brought to the College.
Deputy Principal - Senior School

Senior school students settled into the New Year very well. Only a small number of students requested changes to the courses they had chosen the previous year which shows that our course counselling process was effective in 2015. We are already surveying Year 10 students to see what courses they would like to see being offered in 2017!

This year we will see a number of firsts in Senior School. We will have the first ever Year 12 ATAR English students going through and we have a full class of 25 Year 11 students beginning their ATAR English journey. We have also introduced ATAR Maths Applications and ATAR Human Biology. There are ten students in Year 11 who are studying four ATAR subjects this year, having chosen a fourth ATAR through SIDE (School of Isolated and Distance Education). Huge thanks must go to Christine Bennett who is mentoring and supporting these students on their ATAR journey.

We have the Senior School Ball to look forward to early Term 2. The School Ball committee have been meeting regularly to make decisions around venue, theme, fundraising etc. Congratulations to Nicole Mason and her team of helpers for the very successful sausage sizzle fundraiser held recently which raised $500. We were very fortunate that a number of ball gowns were donated to the school last year so if any Year 11 or 12 students would like to have a look at them and see if they would like to borrow one, then please get in touch.

I would also like to take this opportunity to introduce our Year Coordinators for 2016:
Year 10 – Ms J Campbell
Year 11 – Ms T Claydon
Year 12 – Ms N Mason

By the time this newsletter reaches your doorstep we will have had the first round of OLNA (Online Literacy and Numeracy) testing. Just a reminder that in order to be eligible for graduation, students must pass all three of these tests. Students have 6 opportunities to take these tests starting in Year 10. We will be organising some intensive Literacy and Numeracy workshops for Year 12 students who have not passed the recent round of testing as they only have one more chance left.

Finally, a big thankyou to all students and parents for supporting the College’s efforts to raise the standard of dress at the College. Year 12 students look very smart in their Year 12 leavers polo shirts and the majority of Year 10 and 11 students have got on board with wearing their grey shirts every day other than Friday. Students who do not meet this expectation are given detention if it occurs regularly. Please continue to support us by ensuring they leave the house in the morning with the correct uniform on.

Kelly Bennett
Deputy Principal

Vocational Education and Training (VET) News

It has been a very busy and exciting start to the school year in the VET (Vocational Education and Training) Department, with forty one students commencing their School Based Traineeships in the community.

This is a great opportunity for the students who successfully applied and passed their interviews in 2015 to gain these highly sought after Traineeships. Well done, to all those who are now out in the working world! The industry areas they are involved in, include; Retail, Business, Community Services (Aged Care or Childcare Focus), Engineering, Hairdressing, Hospitality, Sport & Recreation and Information Technology. Students are required to spend one day per week in a workplace and are expected to complete a series of theory workbooks, this helps link their practical elements to the theoretical components of the course.

We currently have Certificate II courses delivered on-site at Coodanup College in the following areas; Automotive, Digital Media, Agriculture, Sport Coaching, Engineering, Visual Arts, Live Production, Hospitality, Construction Pathways and Hairdressing.

Many of our students applied for Vet-in-Schools places, during the course counselling process last year. The courses are offered by Challenger TAFE, Central Institute of Technology and Polytechnic West and are delivered off-site. These students were successful in gaining places in the following industry areas; Sampling & Measurement, Community Services, Plant Mechanics (Pre-Apprenticeship), Construction Pathways, Health Support Services, Engineering Pathways, Kitchen Operations (Patisserie) and Community Services. Students are required to travel to various campuses throughout the region on a selected day of each week (some courses require two days).

Pam Micklewright Vet & Future Pathways Coordinator
Goals 4 Girls (G4G) 2016

Coodanup College has launched an initiative for girls in Years 7, 8, 9 and 10 this year.

The program has been kindly sponsored by ALCOA and is based around the concept of building ‘strong women’ in our community. The ALCOA Goals 4 Girls (G4G) program will provide students with many hands-on learning experiences that build healthy relationships through a range of skills that will engender leadership, communication and teamwork skills. Through these experiences, students participate in activities that promote health and wellbeing.

The girls are integral in the planning and implementation of their program. Last year the program was highlighted with Hip Hop, boxing, drumbeat, wearable art, circus and community events. We networked with the City of Mandurah to assist with the Children’s and Stretch festival. The girls organised a school disco and participated in other fundraising events that supported their camp and were invited to provide a luncheon for the Minister of Aboriginal Affairs, and had an opportunity to sit down and discuss the programs successes.

Coodanup College has commenced the year with workshops in circus, dance, art and wellbeing. An initiative for an organic juice enterprise is being marketed and implemented to provide the school community with healthy food choices. The girls are working collaboratively with the NAIODC committee, the City of Mandurah and school community embedded into their dynamic program.

Our collective aim of the ALCOA ‘Goals 4 Girls’ program, is to continue to build strong healthy young women at Coodanup College, who will be positive role models for Coodanup College’s school and local community.

Lisa Webster
G4G Coordinator

Year 9 Target Setting 2016

This term the Year 9 cohort will be participating in a target setting exercise designed to increase attendance and academic results as well as inform students and parents/guardians about the resources and programmes on offer at Coodanup College. Our goal is to lift our expectations of ourselves and raise student engagement!

During the final weeks of the term each student will meet with their Homeroom Mentor to assess where they are at with regards to attendance, behaviour and effort. As a team they will then compose up to three targets to help the student get the best out of their studies. The Homeroom Mentor and the student will review these targets during the third term and possibly set new targets for the remainder of the school year.

Each parent/guardian will receive a letter at the beginning of Term 2 detailing the target setting process as well as their child’s targets for 2016. Each student will receive a copy of the targets to stick into their college diaries as a reference and reminder of what they hope to achieve during 2016.

If you or your child has any questions or queries about the target setting process, or its implementation, please do not hesitate to contact me by phone, email or in person.

Paul Pearce
Year 9 Co-ordinator

Invitation

You are cordially invited to attend

Coodanup College ANZAC Assembly 2016

Friday 8 April, 2016
At 11.30am
Venue: College Gym

At this assembly, we will provide an opportunity for guests to recognise family members who served overseas in the Australian/New Zealand armed forces.

If you wish to be included, please state so in your RSVP

Please RSVP Helen Stewart with the names of those attending by email to helen.stewart@education.wa.edu.au or phone (08) 9581 0900 by Friday 1 April, 2016

Mobile Phone and Computer use

A reminder of College policies regarding mobile phones and computer use.

- Students to have mobile phones off and away in College bags at all times.
- Students to only use mobile phones out of College hours.
- Students to use their internet account to look for acceptable material that is only related to learning at College.
- Students to only use their own log-in account and keep their personal password secure.
- Students to make sure internet use is as efficient as possible.
- Students to abide by Copyright Laws and do not download or install any software.
Workplace Learning

Workplace Learning is well under way for many of our Year 11 and 12 students. This is a great opportunity for our students to gain employability skills, to sample life in the workforce, try different work avenues to see if they enjoy particular job attributes. We consider it successful if the student both loves or dislikes their placement – as this is what it is all about – we do however like our young people to stick it out (stick ability) if they don’t – developing great commitment skills.

We have had many of our students go on to part time and full time apprenticeship offers as a result of work placement – and this is just fantastic and what we hope for all of our students who wish to secure work placements.

At times it is difficult to marry up the students to prospective employers – we can never have too many employers; so to this end if you are, or know of someone who has the ability to offer a work placement to some of our Coodanup College students please contact the College.

Tamara Gavrilovic
Workplace Learning Coordinator

School Dental Service

Greenfields Dental Therapy Centre
Located at Greenfields Primary
9 Zambesi Drive, Greenfields 6210
PH: 9581 3895
Open: Mon-Fri from 8am to 4pm.
This is a free service for general dental requirements.
Children are eligible from PRP or the year they turn 5yrs old.
Eligibility ends when they enter YR 12 or when they turn 17YO, whichever comes first.

After Hours Emergency
The School Dental Service doesn’t provide afterhour’s emergency treatment.
In the Metropolitan area – please contact your local private dentist or, if eligible the afterhours emergency service on 9325 3452
In a Country area – please contact your local private dentist

**Please note Children ARE eligible in high school up until they enter year 12 or turn 17. Whichever comes first?

Fancy a game of Table Tennis

Mandurah Table Tennis Club would like to extend an invitation to the students of Coodanup College to join a newly formed student group on Saturday afternoons from 2.00 p.m. until 4.00 p.m. in the College Gymnasium.

The group will be taught the rules and basic techniques of table tennis. For any students wishing to compete in interclub and state competitions, the Club are willing and able to offer advanced coaching. There are no fees involved and equipment is available for your use however if you are able to provide your own bat that would be helpful.

The Club has experienced players to teach and coach students and many club members are past pennant and individual West Australian Champions.

We hope we are able to form a partnership with the students for the health and social benefits of participating in an interesting and competitive sport.

Enquiries can be made to Patricia Illich on M: 0447 299 008.

Secondary Assistance

Just a reminder that applications close for Secondary Assistance on Friday 8th of April. If you have a current Centrelink Health Care Card, Pensioner Concession Card or Veteran’s Affairs Pensioner Card, please call into the front office to complete the form. This assistance pays $235 to the College towards your child’s fees and $115 goes directly into your bank account for other expenses.

Please note that you cannot claim Secondary Assistance if you have already applied for Abstudy. An Abstudy Supplementary Assistance form can also be completed at the front office which pays the College $79 towards your child’s fees for those that have already claimed Abstudy.

In both instances, please ensure that you bring your current concession card when completing the form in order for it to be witnessed before it can be processed.

For further information please call (08) 9581 0900.
Food Technology

Food Technology at Coodanup College is proving to be fun and rewarding for many of our young students. The Home Economic staff has been busy this term with full classes in the lower school. Students have progressed in Year 7 & 8 from fruit salad, and cutting skills to making pizza, hamburgers, scones, pasta bakes.

We endeavour to teach students skills and food awareness so they might pass on some of their excitement and cook for the family at home and help out with everyday chores of feeding the family. Many of our students report back with their cooking experiences at home which is great to hear.

In Years 11 and 12, we ideally like to get a little more up skilled with the students and by Year 12, minimising demonstrations and expecting independence from our young people.

The big displays for this term will be fried rice (with assistance from a couple of our very able students to cook authentically), risotto (stir and stir and stir), red velvet cake and sponge cake.

We look forward to further developing our “foodies” over the year.

The Home Economic Crew

---

Zen Den Opening

We are pleased to announce the opening of our Sensory Area the “Zen Den”.

The Zen Den is to provide resources to support students who might be presenting at any point on the sensory scale. We provide our students with extra education support in a calming and safe environment. The area has been designed to allow students to access appropriate tools, space and support in order for them to learn and meet their individual sensory needs and self-regulate their emotions.

It is important for the students to learn positive change, improved social skills and help them promote resilience. The Zen Den is the perfect place for this. It also helps them build relationships with other students and staff.

The staff at Coodanup College and with the support of local businesses we were able to create the Zen Den, and has proved to be a great success in the first 6 weeks of the new school year. It will continue to become a working progress and we will adapt the room to students individual needs as we become aware of them.

---

Relationships Australia

SUCCESSFUL SINGLE PARENTING
Wednesday 30 March
- 6.30-9pm $25.

People become single parents through a range of life choices and circumstances. Parenting alone is different in many ways compared to a two parent household and can have its difficulties and challenges. Whatever the challenges it is important to live your life in ways that shows your children you are happy. This will help them accept and value their lifestyle.

If you are a single parent and are through that initial break-up stage this course will provide strategies that will help you develop a close and special relationship with your child.

For further information please call 6164 0200.

UNDERSTANDING STEPFAMILY RELATIONSHIPS
Weekend course 1 2 3 April
$75 per person/$120 per couple.

Stepfamilies and blended families operate in a different way to intact biological families. The dynamics of a stepfamily are more complex and there is a need for special understanding and management from both biological and stepparents working together for a healthy stepfamily growth to happen.

For further information please call 6164 0200.

Facebook

Coodanup College’s Facebook page will communicate information and alerts to parents/carers and students.

This is very informative and we would encourage you to use it.

Please “Like Us” then you will receive up to date information instantly.

www.facebook.com/coodanupcollege
The Arts

Welcome back to all students, parents and teachers to a new school year! The Arts department would like to say a sad farewell to Miss Elisa Dumitru who was standing in while Mrs Leggett was on maternity leave, and welcome back to Mrs Leggett! We have also had some teachers join the arts team this year so welcome to Mr Odunga and our fresh faced graduate teacher Mr Blake Savage. We hope you are all settling in.

COODANUP COMMUNITY GARDENS:

Volunteers from the Coodanup Community Gardens provided a morning tea to celebrate the mural by former student Gemma Bonney.

The President of the Community Gardens Mr Cory Boivin presented Gemma with a thank you gift to Spotlight, to show their appreciation.

The theme for the mural was to show the harmony of our community and coming together, whatever your background to share in this special resource. We hope to organise future projects with the Arts department and the gardens.

Drama:

This term in Drama we have a very small class of Year 10's. While this brings with it many challenges, we are building a strong bond and are getting through a lot of work! We are currently working on representational theatre and are performing a scene from the classic “Hating Alison Ashley” by Robin Klein.

STAGECRAFT/CREATIVE INDUSTRIES:

Creative Industries has started with all hands on deck this year. Our new Year 11 VET students have taken on a trainee role and are shadowing a more experienced Year 12 students in order to learn the ropes in our fantastic new space. We are growing in confidence every week and have a real sense of ownership for the Treasure Box Theatre in which we work.

The students have been working very hard to organise a variety show to fundraise for the school ball. The show is being organised and run entirely by the students and they should be very proud with how far they have come with their learning in 12 months. Tickets will be on sale for students from May 1st with the performance occurring during period 3 and 4 Friday May 13th.

Year 10 stagecraft students are currently drawing up set designs which they will then use to make a 3D model of their vision. These will be displayed in the foyer upon completion.

Jane Bradbrook-Mann Teacher

Upper School Art

Currently the Year 12 General Visual Art students are completing their Task 2 Artist Analysis; looking at the work of either Gustav Klimt or Friedensreich Hundertwasser. Both artists are renowned for their use of abstracted shapes, stylised forms and emotive colour schemes. Students research their chosen artist, then respond directly and indirectly to their influence.

Anthea Fitzhardinge Teacher

VISUAL ARTS

Year 7 Art with Mrs Fitz

Year 7 Art have kicked off the year by looking at some of the elements of Art, such as line, shape, texture and tone. One of the main skills being developed in high school art is observational drawing and students started with a drawing of a shoe. This was then embellished with four different patterns. Then students had the opportunity to explore colours; what colours work well together and different media, such as oil and wax crayons, textas, watercolour pencils and pastels. The whole class worked really well on this task and everyone completed their artwork.

Ms Sheridan’s Visual Art Classes

Hello everyone, hope you are having a terrific 2016 so far. Just a little bit of information on what my fabulous Art students are up to at the moment. Year 7’s are a terrific bunch of enthusiastic young people who are currently working on a Picasso influenced, ‘Smashed Face’ painting and I can’t wait to see the finished work. My Year 8’s are a terrific bunch of enthusiastic young people who are currently working on a Picasso influenced, ‘Smashed Face’ painting and I can’t wait to see the finished work. My Year 8’s are currently working on two artworks, their ceramic ‘Fantastic Creature’ sculptures and a papier mache ‘Minion’ sculpture. Finally my wonderful Year 11 and 12 Certificate 2 Visual Arts students work extremely hard for me every week and I feel so lucky to see the amazing work that they create. They are completing a drawing unit this Term with a ‘Mixed Media’ technique.
Muay Thai Champ Visits

On the 18th of February a group of students at Coodanup College were treated to a visit from current Muay Thai World Champion Bruce ‘The Preacher’ MacFie and former MMA coach and competitor Niall Oman when they dropped into the college’s Success program.

Bruce allowed the students to pass around and try on his title belt and pose for photos with him. He spoke with the students for about 40 minutes answering the many questions they had for him.

He gave students an insight into the training, sacrifices and routines involved in his sporting career and explained what level of self-belief and dedication was needed to be the best.

Bruce also emphasised the importance of finishing education so that more opportunities are available to them beyond school.

It was an honour and a positive experience for students to have the chance to talk to a champion and many now anticipate watching Bruce’s next scheduled bout.

A big thanks to both Bruce and Niall for going out of their way to visit our school and making such a great impression on our students.

Anthea Fitzhardinge
Teacher

Aboriginal Education Update

New Aboriginal Education Strategic State Plan 2016:
Our Aboriginal Education Committee is currently working on this new state document to ensure that our Aboriginal and Islander students have the best opportunities, support and environment to enjoy and succeed at school.

NAIDOC preparations:
Art and craft activities and stalls; delicious traditional foods; Nyoongar dance and didgeridoo performances and cultural learning. These are a few great things already in the pipeline for Coodanup’s 2016 NAIDOC event.
We also have a postcard art competition running at school. Be sure to ask your home room teachers for entry forms.
Family and community volunteers are very welcome to register their interest in helping out with NAIDOC!

Djinda Yrrabiny (Rising Stars) Academy launch:
In the next few weeks Coodanup College will be launching an extension program aimed at encouraging and supporting our talented and gifted Aboriginal students. Students with a good attendance and grade record, leadership potential and special talents will be invited to join the Djinda Yrrabiny (Rising Stars) Academy.

Tuesday Tutoring:
Coodanup College is now offering afterschool tutoring to all Aboriginal and islander students on Tuesday afternoons, directly afterschool until 4pm. Come along to the Clontarf Academy room and let us support you with your school work, assessments, work resumes and applications and homework. Please see Cally Jetta or Craig Callaghan for further details.

100% attendance:
Well done to all those students who received a reward canteen voucher for a great start to term and 100% attendance.

Anthea Fitzhardinge
Teacher

School Stream App Launch

In Term 2, the College will be introducing a School App to be uploaded directly to your smartphone.
This App is for free, and will provide you with school alerts, communications, access to the college website, events, college news, assessment notifications, bus information and much more. Once the App is ready to be launched, the College will provide the information to assist you with the installation.

Anthea Fitzhardinge
Teacher
My name is Jane Bradbrook-Mann and I am undertaking the position of SAER Coordinator while Jess Halliday will be enjoying her maternity leave. I have been teaching here at Coodanup College since autumn 2012 and I am very excited to be changing roles. I am looking forward to working with such a wonderful and efficient team in this hugely important area of the school.

The SAER Team is to support students to achieve academic success, behavioral support and mental, social, physical and emotional well-being.

SAER (Students at Educational Risk) is Coodanup College’s pastoral care structure. The SAER team supports and advocates for students who are identified as being at risk.

The SAER Team is also responsible for the development of wider school community projects (for example, programs).

SAER uses a wide variety of interventions or health promotion days such as:

- R U Ok Day
- Group programs (Drumbeat, Peel Youth Services – Ground Shock, Goals 4 Girls Program)
- One-to-one counseling, mentoring and guidance
- Individualised plans to meet student needs
- Referrals to outside agencies

Jane Bradbrook-Mann
SAER Coordinator

YouthCare Program

Youth Care provide a 5 day chaplaincy service at Coodanup College. For more information about Youth Care, please see the below link: https://www.youthcare.org.au/

Our college chaplain is Melissa Pike, who is an experienced and approachable SAER team member. If you do not wish your child to see the college chaplain on a one-to-one basis, please advise the College and we can have you complete a permission slip which is available from Administration.

SAER Referrals

Interested parents/guardians are welcome to contact the relevant Year Coordinator or Deputy Principal to discuss the possibility of a SAER referral.
