

Dear Parents and Carers

COVID-19 – Term 2

Firstly, I would like to thank you all for your patience and support during this very challenging time. Monday 6 April 2020 is the new official start to the term holidays for students. Staff will be working hard to complete arrangements for Curriculum delivery and social and emotional support for students working from home.

I wanted to share with you where we are at presently.

Term 2 is likely to look the same as this, although this is no guarantee, where students that can or have to be home will be and those who have no one to supervise them due to parent/carer work commitments will come to school. So we will have 3 streams: -

1. Students working online from home
2. Students working on hard copy work packs from home
3. Students attending the College site under the essential supervision restrictions. (This may change depending on any further restrictions from the Government).

Working online:

Teachers will upload 2 weeks work onto **Connect** for students to access.

Teachers and students will communicate with each other through **Connect** in the first instance.

Working on hard copies:

These will be available in 2 week blocks of work. You will be able to collect work packs from the Coodanup College Administration Office. When returning completed work packs, please place them into the box directly outside of the Admin Office.

Work packs will have sat for 72 hours prior to going out or before being collected to ensure that they are not contaminated.

Working on site:

Students will work on the same work as those at home with the support of teachers.

Support for students working from home:

There will be a phone number for each year group to access for support.

An Education Assistant will take and record your query, concern or request and you will receive a return call as soon as possible by the most appropriate person.

Examples would be:

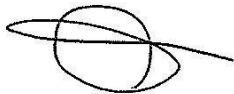

Difficulty with the work:	Subject Teacher on call
Technology difficulty with Connect:	IT support
Social or emotional needs:	Student Services or Case Manager

Students with a disability and students with educational needs will have support from our specialists where required.

Before the start of Term 2 you will receive a fridge magnet in the mail with these phone numbers and some other useful information, to assist in supporting you and your child/children in managing through this stressful time.

During these uncertain times we would like to wish our carers and students a safe and restful holiday.

Kind regards

Ms Vicki McKeown
Principal
